

Make your donation go further.

All donations to Auckland Foundation of \$5 or more are tax deductible in New Zealand.

This means that you can claim a third of your donation back from the IRD at the end of the financial year.

Claiming your tax rebate and donating it to Auckland Foundation or one of our Funds is an easy yet effective way to make your donation go even further. For example, if you donate \$100, you are eligible to claim back \$33 - and donating this back to Auckland Foundation makes your gift worth \$133.

How do I claim my tax rebate?

It's now easier than ever to get back your 33.3% tax credit on your charitable giving with the Inland Revenue's [myIR](#) portal. Simply log in any time, submit photos or scans of your receipts, and you will receive your tax credit back at the end of the tax year.

Alternatively, make sure you keep hold of all your tax receipts, and complete the tax rebate form (IR526) after 31 March. The form is available to download from the IRD's [website](#).

You can read more information about what you can and can't claim tax donation credits for [here](#).

Donating your tax rebate directly back to Auckland Foundation.

To donate your rebate directly back to a Fund of Auckland Foundation, simply visit the [Auckland Foundation's online donation page](#) and select the name of the Fund you would like to gift your tax rebate to.

Or, if you'd rather do this by bank transfer, then you will also find the bank account details online.

Can I get a receipt for donating my rebate to Auckland Foundation?

Yes! Simply email us at info@aucklandfoundation.org.nz with confirmation of your donation, and we will send you a tax receipt for you to claim a further tax credit on this amount the next financial year.
